- Lavender & Wildflower farms
- Local wineries
- Local gardens and arboreta
- Specialty Nurseries

Horticulture trip to Guatemala in October

Shared events & activities with community organizations and sister Garden Clubs

Small Standard Flower Show in May 2017

A&M GARDEN CLUB OBJECTIVES

Working under the greater organizations of National Garden Clubs and Texas Garden Clubs, as part of District V A&M Garden Club promotes the love of gardening, floral design, horticulture, civic responsibility, landscaping, environmental concerns and garden therapy for men, women and children. It encourages participation and support of educational programs for both the beginner and advanced student. Its purpose is to preserve, protect and conserve the natural resources of this country, and to maintain and enhance the beauty of our lands.

As a club, our members enjoy all aspects of gardening, flowers, vegetables, improving the soil by composting, responsible planting and limited use of herbicides/pesticides. We work with kids here and internationally! Some of us talk to our plants, and we enjoy great fellowship when we meet!

\$25/yr – check payable to A&M Garden Club.

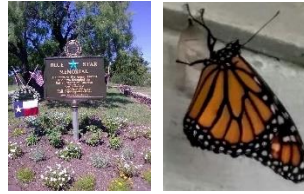

HISTORY OF A&M GARDEN CLUB

Organized in 1936, Federated in 1937, A&M Garden Club was the first community gardening group organized at Texas A&M University, to teach new residents how to grow in our soils and climate.

Throughout the years, the Club has worked on many community park and street plantings, a Blue Star Memorial at Veterans' Park, and Brazos County Arboretum, to name a just a few. Current community contributions include Richard Carter Park, working with the students at local schools, having educational booths at various events such as Wish upon a Butterfly, Fourth of July Celebration, Arbor Day and Earth Day.

We enjoy Flower Shows, Floral Design, visits to Gardens near and far, friendships and sharing tips for home and garden. The Club has received numerous awards, including Texas Garden Club of the Year (Bronze) in 2010, 2013, 2014 and 2015. We adhere to and promote conservation and environmental practices.

A&M GARDEN CLUB AT WORK & PLAY

Regular Meetings 2nd Friday of the month

September-May

9:30 – 11:30

(other fun activities year-round!)

College Station WW Facility,

2200 N. Forest Parkway, College Station,
